school informances Tri-County Arts Education Informances A program for Central Florida students to attend a ballet performance which is presented by Central Florida Ballet's Studio Company. Informances introduce students to dance while providing fun and memorable education about the art form. The ballet is narrated and adapted to make the performance student-friendly and also involves a pre-show question and answer session to increase student involvement. Each program contains lesson plans meeting the Sunshine State Standards (available online to educators) which allows teachers to prepare students with information about the upcoming performance. A follow-up student survey and contest-like quiz aids in giving students a better understanding of each ballet and is also used to evaluate the program's success. An original production of historic value, "9/11 An American Moment" captures the poignancy of tested and proven American patriotism; her courage, resolve and pride in response to the World Trade Center attack on September 11, 2001. Prepare yourself for a memorable event. The House of Representatives in Washington, D.C. recognizes the Central Florida Ballet as "the only company in the nation to have created a ballet on this fateful day in American history".
